MARANews

Next meeting June 19, 2018 at 6:30pm at the Bridgewater Public Library Voting Night for club officers

Our July meeting will be on the 17th 2018 6:30pm at the Bridgewater Public library

Presidents notes from KC1CFO Denise Sisson

Presidents notes from KC1CFO Denise Sisson

Next meeting June 19, 2018 at the Bridgewater Public Library Bridgewater, MA

MARA Facebook page: Our Massasoit Amateur Radio Association Facebook page with club events, meeting, photos, ect. is occasional updated so that it can be another resource for us on which to spark interest of our club, amateur radio and keep members informed of what we are doing outside of our club meetings and in our community. If you go to the "about" tab on our page you can find our <http://www.w1mv.org/> web page for our present and past newsletters and other club information. Please send Rick - kb1tee@gmail.com and Denise KC1CFO denigs1@aol.com and articles or photos you would like to see in our MARA newsletter, W1MV-MARA Website and Facebook page. Jeff N1ZZN has created a link to twitter to help get the work out even more!

A big thank you Tom WA1TOM for getting the pictures of the top of the tower to see the condition of the antenna, with his drone. Now we know what the conditions are up there. It seems we will be needing a new antenna for the repeater. The cost will be about \$1300.00 plus shipping. I know for me we can't use our radio to listen to the net on Tuesday nights. If you would like to donate to the cause please let us know.

We are having elections in June so we are looking for the secretary's position to be filled. Many thanks to Larry W1VP for his many years with the club as secretary.

We are also looking for speakers, etc for the meetings. If you have any ideas please let us know.

I would also like to let folks know that non-member are welcome to come and join us for a meeting. Come join us and have your questions answered, and join the interesting and exciting world of ham radios. There are classes that run a couple times a year for licensing.

73 Denise KC1CFO
President-Massasoit Amateur Radio Association

SECRETARY'S NOTES – MARA MEETING 05/15/18

OPEN: President Denise KC1CFO opened the meeting at 6:30pm, 5/15/2018.

ATTENDANCE: 9 members were present including 3 elected officers

N1XTB Phil McNamara (Tres)

NR1FD Bill Burke

WA1BEE Allen Hiltz

KC1CFO Denise Sisson (President)

KB1TE Rick Emord

N1ZZN Jeff Lehmann (VP)

KA1YL Connie Frauciosi

N1RTS Bob Sisson

N1IQI Loren Pimental

MEETING MINUTES:

Motion to accept the May 2018 MARA Secretary's report as published in the May 2018 Newsletter was made by **Rick KB1TEE**, **Bill NR1FD** seconded the motion, Motion passed vote by all attending members.

Club treasurer **Phil N1XTB** read the May 2018 treasurers report. Motion to accept as read made by **Rick KB1TEE**, with second by **Loren N1IQI** motion passed by all attending members.

Jeff N1ZZN has asked a couple of guys he knows to fly their drones up over the top of the water tower in Bridgewater to see the condition of the antenna. And to see if we can keep the old antenna and repair it or if we would need a new antenna.

Pete N1VV needs to hand over the MARA website. **Larry W1VP** has updated many needed areas on the site and now Brian Haskel will take over to update the website further.

Thank you to **Rick KB1TEE** for his presentation of his time on the battleship USS Wisconsin BB64 in Norfolk VA. Last December 9, 2017

Rick KB1TEE at the 40 meter station N4WIS / New radio room display of 1940's equipment

CLOSE: A motion to adjourn the meeting was made by **Bill NR1FD** with a second by **Bob N1RTS**. Motion passed by attending club members. Denise KC1CFO closed the meeting at 7:00pm 05/15/2018,

ARRL Website, Services to be Down on June 20

The ARRL website and some services will be down for maintenance for up to 4 hours on Wednesday, June 20, starting at approximately midnight EDT (0400 UTC on Thursday, June 21). During this period some or all systems may be temporarily inaccessible, including all content on the [ARRL website](#) and the ARRL Store. Logbook of The World (LoTW) and email will *not* be affected, nor should the [ARRL Contest Club Eligibility Lists](#) or [Contest Log Submission](#) pages. We apologize for any inconvenience.

Selection of Schools/Groups to Host Contacts with Space Station Narrowed to Seven

Amateur Radio on the International Space Station ([ARISS](#)) has announced that five schools and two organizations have advanced to the next stage of planning to host Amateur Radio contacts with ISS crew members during the first half of 2019. A review team of teachers from the ARISS-US Education Committee selected proposals, moving the process into phase 2.

"ARISS's primary goal is to engage people in science, technology, engineering, and math (STEM) activities, and involve them in pursuits related to space exploration, Amateur Radio, communications, and associated areas of study and career options," the ARISS announcement said.

The schools and organizations are Faith Christian Academy, Orlando, Florida; Hidden Oaks Middle School, Prior Lake, Minnesota; Huntington High School, Huntington, Texas; Moriah Central School, Port Henry, New York; The Children's Inn at National Institutes of Health (NIH), Bethesda, Maryland; Park County Public Library with Boys & Girls Club of the High Rockies, Fairplay, Colorado, and Pembroke Junior-Senior High School, Corfu, New York.

ARISS anticipates that NASA will be able to provide scheduling opportunities for these US host organizations. The candidates must now complete an equipment plan that demonstrates the ability to carry out the ham radio contact. Once ARISS approves the equipment plans, finalists will be scheduled as their availability and flexibility match up with the scheduling opportunities

Iranian Radars Showing Up on 10 Meters

While 10 meters has not been the hottest band in the Amateur Radio toolkit of late, Iran apparently has found it an ideal spot to operate various radars. The interference was audible in International Amateur Radio Union Region 1 (IARU R1) and perhaps elsewhere in the world.

"Iranian radars were very active on our 10-meter band every day [in May]," [reported](#) IARU Monitoring System (IARUMS) Coordinator for Region 1 Wolf Hadel, DK2OM, in the IARUMS newsletter. "On 28.860 MHz, we could daily receive the strong and long-lasting signals. Other frequencies were used in [frequency hopping] mode."

The list of additional Amateur Radio intruders on 10 meters included - or in some cases, no longer included -- some of the usual suspects. Hadel reported that FM signals from Russian taxi dispatchers, driftnet fishery buoys, and Citizens Band "abusers" in Brazil have been operating on various 10-meter frequencies, "as usual."

Waveform of an Iranian radar on 10 meters. [Wolf Hadel, DK2OM, photo]

Meanwhile, some chronic intruding signals have disappeared. Among the missing is the 14,295 kHz harmonic from Radio Tajik on 4,765 kHz. Radio Hargeysa in Somaliland on 7,120 kHz is said to have been off the air for several weeks due to a transmitter failure. "We did not miss the transmissions," quipped Hadel, who also expressed the hope that the broadcast battle between Radio Eritrea and Radio Ethiopia on 40 meters may now be at an end. For some time now, Radio Eritrea contended with Ethiopian "white noise" interference on 7,140 and 7,180 kHz. This month, Ethiopia announced that it would accept a peace deal with Eritrea to end a bloody 20-year-old dispute

Eagles Guitarist Joe Walsh, WB6ACU, Promotes Amateur Radio in Media Announcements

Legendary rock guitarist Joe Walsh, WB6ACU, of the Eagles is featured in a just-released set of ARRL audio and video [public service announcements](#) promoting Amateur Radio. ARRL will provide the 30- and 60-second PSAs to Public Information Officers (PIOs) to share with their Section's television and radio stations. The ARRL Media and Public Relations Department also will provide these announcements files directly to interested television and radio outlets, and the announcements are available for downloading from the ARRL website for members to use in promoting Amateur Radio at club meetings and public presentations, such as [ARRL Field Day](#) on June 23-24 (PSAs specifically for ARRL Field Day also are available). Those PSAs will also be available for download from the ARRL website, so that members can present them at club meetings and other public gatherings.

Walsh, who visited ARRL Headquarters last year for taping, wanted to deliver two main messages in his PSAs: Get involved in Amateur Radio, and become a member of ARRL. The messages highlight the tremendous service that radio amateurs provide to communities, and convey how ARRL advocates on behalf of Amateur Radio on a wide range of legal and political issues.

An ARRL Life Member and longtime radio amateur, Walsh personally has been a strong supporter and advocate of ARRL and Amateur Radio, and his ham shack is just as impressive as his home recording studio. "I want to give back to the hobby that has given me so much enjoyment," he said.

The setting for the PSAs was W1AW, which Walsh was especially eager to revisit. The occasion also offered him an opportunity to see equipment he'd donated to W1AW years earlier. Walsh's past on-the-air forays on W1AW have always attracted enthusiastic pileups. While at W1AW, he spent some chatting with station manager Joe Carcia, NJ1Q, about the station's operations. Walsh is a well-known collector of vintage Amateur Radio equipment.

Creating the videos were Media and Public Relations Assistant Michelle Patnode, KC1JTA; freelance videographer/photographer Chris Zajac, and former Media and Public Relations Manager Sean Kutzko, KX9X, who also recorded a tag line for [ARRL Audio News](#) with Walsh.

2018 ARRL Field Day is June 23-24

The MARA club will join with the Whitman WA1NPO club in East Bridgewater at the YMCA on route 106

This year, many groups and participants may choose to combine **2018 Field Day** with our yearlong operating event - **2018 ARRL International Grid Chase** (IGC) - working stations in as many grid squares as possible and uploading log data to ARRL's Logbook of The World (LoTW).

For **2018 Field Day** and the IGC, the standard event exchange of Field Day **Class** and **Section** is still what is sent over the air. After Field Day is where your logs can count for the IGC, but you must be sure when uploading your Field Day logs to LoTW that your TQSL Station Location includes your Grid Square - then LoTW takes care of the rest. Follow Field Day on Facebook and Twitter! ARRL has created a **Field Day event on Facebook**, and you can also join the conversation by using the hash tag #ARRLFD. Share your plans, tips and tricks to a successful Field Day!

BOXBORO 2018 Amateur radio convention

September 7,8,and 9 in Boxborough, MA at the Regency hotel and conference center. Just off route 495 exit 28 address is 242 Adams place. Flea market is Saturday 9-5 and Sunday 9-1

Local Club Information

MARA Needs your **HELP!!! The YMCA Triathlon in Middleborough needs volunteers**

July 22, 2018 from 0730 to about 1200 hand held radios are needed frequency 145.770 Simplex, and 147.180 pl67 Bridgewater Repeater as back up. Meet at the Middleborough Dunkin Donuts at routes 105 and 28 for your assignments. Race route goes from Camp Yomechas on Wareham St Middleborough. Runs over the following roads Rocky Gutter St, to Purchase St, to Chestnut St, to Thomas St, to Tispaquin St and back to Wareham St

Please contact Dennis Sisson KC1CFO denigs1@aol.com

W1NAS South Weymouth

Saturday August 11, 2018 is the possible date.

The Former South Weymouth Naval Air Station Radio club will hopefully be operating for this event again the SNOW GOOSE. This is a tribute to the South Weymouth NAS airship that launched to meet the USS Nautilus. The nautilus was under the polar ice cap at Resolute Bay in the Arctic Circle as the Snow goose flew over.

W1NAS is the ARC of the Shea Naval Aviation Museum located in the old gymnasium building of the former NAS. Check us out at www.qrz.com/db/w1nas or at www.anapatriotsquadron.org. For more information contact Steve, W1OD, at w1od@arrrl.net.

NE1PL on the USS Massachusetts

The USTNR radio club will be on the USS Massachusetts September 22, 2018 for operations this is in remembrance of the ships BIRTHDAY September 23, 1941. She will be 77 years young go to the video below if you wish to see her launched

<https://www.youtube.com/watch?v=rzxByieHztI>

The U.S. Navy battleship USS *Massachusetts* (BB-59) just after her launch at the Bethlehem Steel Corporation Fore River Shipyard, Massachusetts (USA), 23 September 1941.

Skywarn net every Saturday night 2000 (8:00) on the 180

Please jump in and give your weather reports on the Skywarn net we meet at 8:00 on 147.180. If you want to be a Net controller contact Denise KC1CFO I am sure he would enjoy the help

The K7RA Solar Update

Tad Cook, K7RA, Seattle, reports: Sunspots returned a few days ago after a 7-day absence. Average daily sunspot numbers dropped from 12.9 last week to 4 this week. Average daily solar flux dropped from 73.2 to 69.4. Geomagnetic conditions were quieter, with the average daily planetary A index declining from 11.7 to 4.4 and mid-latitude A index from 10.4 to 5.1.

For ARRL Field Day on June 23-24, a predicted planetary A index of 5 on both days is a good indicator, as is predicted solar flux of 75 and 74.

Predicted solar flux is 72 on June 14-20; 75 on June 21-23; 74 on June 24-25; 73 on June 26; 72 on June 27-28; 71 on June 29-30; 70 on July 1-3; 69 on July 4-6; 70 on July 7; 72 on July 8-14; 73 on July 15; 74 on July 16-17; 75 on July 18-20; 74 on July 21-22; 73 on July 23; 72 on July 24-25; 71 on July 26-27, and 70 on July 28.

Predicted planetary A index is 5 on June 14-26; 15, 28, 18, and 10 on June 27-30; 5 on July 1-8; 8 on July 9-11; 5 on July 12-15; 8 on July 16; 5 on July 17-23, and 15, 25, 15, 8, and 5 on July 24-28.

Sunspot numbers for June 7-13 were 0, 0, 0, 0, 0, 12, and 16, with a mean of 4. The 10.7-centimeter flux was 69.3, 68.2, 66.8, 70.2, 69.9, 70.3, and 70.8, with a mean of 69.4. Estimated planetary A indices were 6, 4, 4, 4, 4, 4, and 5, with a mean of 4.4. Estimated mid-latitude A indices were 6, 5, 5, 4, 4, 5, and 7, with a mean of 5.1.

Monthly meetings are held the 3rd Tuesday of each month at 6:30PM at the Bridgewater Public Library in Bridgewater Center. Talk-in is on 147.180+

Our **Meetings-On-The-Air** are held all other Tuesday evenings at 8PM on 147.180+ and includes the Westlink News Report with the latest news about happenings in the world of Amateur Radio.

The **South Shore Skywarn Net** is held every Saturday evening at 8PM local time on 147.180+ and is open to all hams.

VE Exams are held the 2nd Saturday of every month, in Braintree contact Steve Cohen , W1OD via email w1od@arrrl.net. Walk-ins are no longer permitted. We will be hosting VE exams at 8:45 at the Watson building. If you know of anyone planning to take an exam, please have them drop a note to Steve to confirm a reservation.

Editor Rick Emord KB1TEE

TV and Movies using radio communications

Combat! is an American television program that originally aired on ABC from 1962 until 1967. (The exclamation point in *Combat!* was depicted on-screen as a stylized bayonet.) The show covered the grim lives of a squad of American soldiers fighting the Germans in France during World War II. (The episode "A Day In June" shows D-Day as a flashback, hence the action occurs during and after June 1944.) The program starred Rick Jason as platoon leader Second Lieutenant Gil Hanley and Vic Morrow as Sergeant "Chip" Saunders. The series was unusual in that Jason and Morrow would play the lead in alternating episodes.

Combat! premiered on ABC on October 2, 1962, and was broadcast for five seasons. TV's longest-running World War II drama (as of February 2016), *Combat!* aired 152 hour-long episodes. The first four seasons, spanning 127 episodes, were produced in black and white. The fifth and final season produced 25 color episodes. The show was developed by Robert Pirosh, who wrote the pilot episode

The majority of the guest stars appeared as additional squad members, French citizens or German soldiers. In the first season, the then little-known Ted Knight and Frank Gorshin made appearances. Other notable guest stars included Lee Marvin, Robert Duvall, James Coburn, Bill Bixby, Dwayne Hickman, Telly Savalas, Luise Rainer, Andrew Prine, Rip Torn, Charles Bronson, Richard Basehart, Eddie Albert, James Caan, Jeffrey Hunter, Leonard Nimoy, Terry Carter, Ben Cooper, Frankie Avalon, Dan Duryea, Sal Mineo, Neville Brand, Brandon De Wilde, Tab Hunter, Bobby Rydell, Beau Bridges, John Cassavetes, Roddy McDowell, Walter Maslow, Mickey Rooney, Claudine Longet, James Whitmore, Dennis Hopper, Tom Skerritt, Carol Lawrence, Harry Dean Stanton, James MacArthur, Dennis Weaver, Keenan Wynn, Joseph Campanella, Richard Jaeckel, James Franciscus, Fernando Lamas, Ricardo Montalban, Claude Akins, Paul Burke, Warren Oates, Nick Adams, William Smithers, Joan Hackett, Margaret O'Brien, Jack Lord, Dean Stockwell, Jack Carter, Chad Everett, Frank Sutton and Michael Pataki.

COMBAT! cast reunion, 1996 (Conlan Carter, Tom Lowell, Pierre Jalbert, Rick Jason, Jack Hogan, Dick Peabody)
